

### SurgeArrest® - High performance surge protection

#### US Versions / amerikanische Versionen

SurgeArrest provides more features, performance and value than any other same-class surge suppressor. SurgeArrest is designed for multimedia applications and desktop systems including computers, CD ROM drives, monitors, printers, fax machines, modems and more. Besides controlling power to as many as seven computer peripherals, the benefits of the SurgeArrest include:

- Site-Wiring-Fault indicator and Protection Working indicator
- Lowest IEEE 587 Category A Let-through and UL 1449 330V (US-Versions only)
- Noise filtering stops glitches
- Catastrophic event protection for safety

#### European Versions / Europäische Versionen

SurgeArrest ist eine formschöne Steckdosenleiste, die konkurrenzlosen Schutz gegen Überspannung und Blitzschlag bietet und die damit maximale Gerätesicherheit von Computerhardware, Peripheriegeräten, Kopier- und Faxgeräten, HiFi-Anlagen, etc. gewährleistet. SurgeArrest kann jedoch mehr:

- Anzeige lokaler Kabelfehler und aktivierter Schutzfunktionen
- Störungsfilter verhindern Datenverzerrungen
- Schutz bei außergewöhnlichen Ereignissen
