Cat.No. UX 0042

#### BRITISH STANDARD BS 546

Stecker, weiß, Nylon, mit drei runden Stiften BS 546, 250 Volt AC, 2/5/15 Amp.

Plug, white, Nylon, with three round pins BS 546, 250 Volts AC, 2/5/15 Amp.

Cord/Leitung  $\varnothing$  10 mm max.

The plug standard used most extensively in India and South Africa is the old British standard, BS 546. (This plug standard is being phased out of use in the U.K. and replaced by BS 1363.)

The BS 546 standard is also used in parts of Africa (i.e., Ghana, Kenya, Nigeria), The Middle East (i.e., Kuwait, Qatar), and parts of Asia and the Far East that were electrified by the British.
