

U.K.

VX 1307

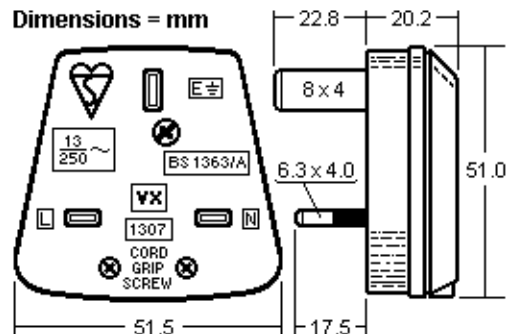

BRITISH STANDARD BS 1363/A

Stecker, Kunststoff, mit rechteckigen Stiften BS 1363/A, 250 Volt AC, abgesichert 13 Amp.

Plug, Plastic, with three three rectangular pins BS 1363/A, 250 Volts AC, fused 13 Amp.

Cord/Leitung \varnothing 10 mm max.

Dimensions = mm

The official plug standard in the United Kingdom since the 1960's is the BS 1363 plug. (The previous plug standard was BS 546, still found in older buildings.)

The BS 1363 plug contains a BS 1362 fuse which is designed to protect the cord and branch wiring back to the branch circuit protector installed in the building.

Correct fuse sizes are 3, 5, 10 or 13 Amp ASTA-approved fuses.
