

International

SURE SHOT® Sprayer Model "A"

SureShot® sprayers are an inexpensive way to apply bulk chemicals like cleaners, degreasers, penetrating oils, solvents and lubricants. They use readily available compressed air, instead of flammable or dangerous propellants, and because they are reusable you don't have to worry about disposal of empty cans.

FEATURES

- Refillable, reusable.
- Extra versatile.
- Pressurized by free air.
- Sprayers have a 32 oz. liquid capacity.
- Either steel or brass canisters.
- Not recommended for paint.

A1000R

SURE SHOT®

A2000

Model "A" Sprayers are the most Industrial line of sprayers. They feature metal construction, brass nozzles, and corrosion resistant internal working parts. All Model "A" Sprayers have a 32 oz. liquid capacity. Model "A" Sprayers are available in either steel or brass canisters, and offer your choice of a powder coated epoxy or chrome plated exterior. Steel sprayers can be used with oil and solvent based materials, and brass sprayers can be used with water based materials. Partial and complete repair kits are available, as well as nozzles and extensions.

ORDERING INFORMATION

- A1000...** Comes With Multi Purpose Nozzle. Nozzle Is Set For Regular Mist. For Pin Stream Remove #303 Spiral.
A1002... Nozzle #602, Adjustable From Extra Fine Mist To Pin Stream. Black only.
A6100... Features Relief Valve. Comes With Multi Purpose Nozzle. Nozzle Is Set For Regular Mist. For Pin Stream Remove #303 Spiral.
A6102... Features Relief Valve. Nozzle #602, Adjustable From Extra Fine Mist To Pin Stream.

Nickel-Plated Finish

- A1100** Comes With Multi Purpose Nozzle. Nozzle Is Set For Regular Mist. For Pin Stream Remove #303 Spiral.
A1102 Nozzle #602, Adjustable From Extra Fine Mist To Pin Stream.

Model "A" Brass Sprayers

- Model numbers A6200, A6202, A6600 and A6602 feature relief valves.
- Do not use ammonia or ammonia-based materials in brass sprayers.
- Remove #303 spiral for pin stream, replace for regular mist. spiral can easily be removed with a needle nose pliers.

Powder Coated Finish* (Standard Color: Red)

- A2600** Comes With Multi Purpose Nozzle. Nozzle Is Set For Regular Mist. For Pin Stream Remove #303 Spiral.
A2602 Nozzle #602, Adjustable from extra fine mist to pin stream.
A6600 Features relief valve. Comes With Multi Purpose Nozzle. Nozzle Is Set For Regular Mist. For Pin Stream Remove #303 Spiral.
A6602 Features Relief Valve. Nozzle #602, Adjustable From Extra Fine Mist To Pin Stream.

**Where a chrome-plated exterior finish is not required but the corrosion resisting capabilities of a brass shell are desirable.*

Chrome-Plated Premium Finish

- A2000** Comes With Multi Purpose Nozzle. Nozzle Is Set For Regular Mist. For Pin Stream Remove #303 Spiral.
A2002 Nozzle #602, Adjustable From Extra Fine Mist To Pin Stream.
A2170 Nozzle #302-B, Coarse Mist Spray.
A2305 Nozzle #305, Fine Mist Spray.
A2501 Nozzle #501, Flat, Fan-Shaped Mist Spray.
A7700 Nozzle #707, Full Cone-Shaped, Fine Soft Even Mist. Used For Some Heavier Liquids.
A6200 Features Relief Valve. Comes With Multi Purpose Nozzle. Nozzle Is Set For Regular Mist. For Pin Stream Remove #303 Spiral.
A6202 Features Relief Valve. Nozzle #602, Adjustable From Extra Fine Mist To Pin Stream.

International**SURE SHOT® Sprayer Model "B"**

SureShot® II Model "B" Sprayers come with extra valve and nozzle assortment, including: 2 Fine, 2 Regular, 2 Medium, 2 Coarse and 1 Pin Stream Nozzle.

Electroless Nickel Plating gives Aluminum a superior chemical resistance when compared to Base Aluminum.

FEATURES

- Refillable, reusable.
- Extra versatile.
- Pressurized by free air.
- Sprayers have a 8 oz. or 16 oz. liquid capacity.
- Slim design fits in your hand made from lightweight Aluminum all Viton® seals.
- Not recommended for paint.

Model "B" Sprayers are available in 8oz and 16oz capacities. The sprayers are the same diameter as an aerosol can and can be used with many products. All Model "B" sprayers come standard with Viton® seals. These seals are compatible with MOST products. Other seals are available. Always check with your chemical supplier to be sure the product you are using is compatible with the Sure Shot sprayer you choose. Standard maintenance includes periodically replacing the Valves and Nozzles. These parts are available both individually and in complete repair kits.

ORDERING INFORMATION**IMPORTANT**

Sure Shot Sprayers are not recommended for spraying ANY ACIDS. Sure Shot Sprayers will handle most chemicals, but are not designed to be used with products that are intended to etch or attack metal surfaces.
