

Safe, weatherproof protection for all outdoor power receptacle installations. Provided with padlock hasp; locking can stop power pilferage. This is a two gang series and will fit all two-gang Boxes as well as the special heavy duty Power Boxes. Can be used with 3 and 4-wire 30, 50 and 60A power receptacles. Underwriters' Laboratories, Inc. listed.

Two-gang plate and lid of rugged aluminum-alloy die castings finished in gray or Marine Green baked enamel. Complete with padlock hasp, gasket, and four FS mounting screws. Lock not included.

PADLOCK-when special heavy duty brass padlock is desired, add (-Lock) to catalog number.
