

4SSO Series Socket Outlets

4SSO15D15
15A 250V~ 4 Modules Wide

4SSO15D
10A 250V~ 4 Modules Wide

Must not be disposed with household waste!

Installation may only be carried by people (qualified electricians) with relevant electrical engineering knowledge and experiences!

4SSO25D
10A 250V~ 8 Modules Wide

Description

The 4SSO series DIN rail mounted socket outlet sockets are particularly useful when used in power supply applications such as temporary power on building sites, additional outlets in switchboards or meter enclosures.

This range is available in both four and eight module wide units and features easy access to terminals for quick fit-off.

The 4SSO series also features extra strong mounting brackets for extra strength in aggressive temporary power supply applications.

This coupled with the use of the Clipsal 15 Series Mechanism, means that you can expect years of dependable service from these sockets.

Specifications

- **Ratings (max):** 10 or 15 Amp, 250 Volt AC
- **Mounting Method:** DIN rail mounted
- **Target Countries:** Australia, New Zealand
- **Color:** White only (No Color Option available)

• **Standard(s):** AS/NZS 3112, AS/NZS 3100
Also complies with AS/NZS 3133

• **Certificate(s):** GMA-507066-EA, ULL-103409-EA

• **Approvals and Compliance:**

RCM mark
