Mainly used in

Australia, New Zealand, China, Argentina, Uzbekistan, Papua New Guinea, Tajikistan

IEC TYPE I
15A wide blade
earth terminal
AS/NZS 3112

Extra Heavy Duty Caravan Extension Leads

A carefree life on the road travelling our rugged, beautiful country requires the best quality gear.

To keep yourself safe, and to ensure your powered wherever you wander, pack these extension leads in your kit.

With thicker, UV stabilised insulation and 100% copper wiring, they're a cut about the no-name el-cheapos.

They are tougher, safer, less likely to catch fire or crack under the midday sun.

Features

- Ideal for caravan and campsites, or high power appliances
- These Caravan Extension Leads are available in 8 m, 10 m, 15 m, 20 m, and 25 m lengths
- Orange PVC jacket 3 x 1.5 mm² flexible extra heavy duty cable (Ø 9.9 mm), 15 Amp, 3600 Watt max
- Wide blade earth terminal for 15 Amp outlets (will not fit standard 10 Amp outlets)
- 15A clear moulded plug and socket for easy safety inspection
- Extra heavy duty 15 Amp cable is designed to withstand the most rugged applications
- Heavier gauge conductors reduce voltage drop

Standards

A sample of the product(s) listed has been examined and found to comply with the relevant requirements of the standards listed below.
